

# Post Graduate Program in Data Science and Machine Learning

[Cut copy paste the below para from Start to End and send it in Whatsapp]

-----Start-----

Hi, thanks for showing interest in our Post Graduate Program in Data Science and Machine Learning. It was great talking to you. Here are the details regarding the course.

## **\*Duration of the course\***

Full Time : 6 Months

Part Time : 12 Months

## **In this program, you will learn the below course**

1. SQL for DataScience
2. Core and Advanced Python Programming
3. Machine Learning Fundamentals In Depth
4. Introduction to Machine Learning Algorithms and their Implementation in Python
5. Advanced Deep Learning using Python
6. Statistics and Probability for Data Sciences

## **\*Software\***

1. Python
2. MySQL
3. Anaconda
4. SQLite
5. Jupyter Notebook

## **\*Projects\***

1. C2C E-Commerce User's Behaviour Analysis
2. Analyzing the choice of career for the Alumni of Engineering College.
3. Logistic Regression and Gradient Descent
4. ANN, CNN and RNN
5. English Dictionary App
6. Library Book Management System
7. Descriptive Analysis and Regression Analysis
8. K-means Clustering
9. Assess stock market data and perform data visualization and analysis
10. Develop an EWS with the data provided and by using the knowledge gained throughout the course
11. Analysis of Medical Insurance Data
12. Analysis of Fermented Drink Data

## **\*Demo videos\***
